Two Bunch Palms Helps Guests 'Save Face' with New Customized Facial Series Package

DESERT HOT SPRINGS, CA (August 11, 2008) – Let the battle of the free radicals begin! **The award-winning Spa at Two Bunch Palms Resort in Desert Hot Springs, CA, is set to launch 'Saving Face' – a customized, intensive three-day facial series designed to balance, repair and protect the skin.**

Starting September 12, the total skin care immersion program will be added to Two Bunch Palms' diverse spa menu and will also be available within a special resort package.

The Saving Face experience starts with a **thorough guest skin and lifestyle profile** to help the highly-trained Two Bunch Palms estheticians determine the ideal components for the individualized facial program. Incorporating authentic Ayurvedic techniques, the therapist uses the profile to identify the guest's unique dosha, or constitutional type. Once identified, every aspect of the treatment program – from custom-blended oils to music – will be in support of the client's dosha.

"At Two Bunch Palms, we take great care to customize the spa experience for our guests to ensure a deeply personal experience and optimal results," said Tony Calsolaro, spa director. "We're excited to bring this kind of tailored attention to the very important skin of the face."

The facial series schedule, which incorporates **paraben- and preservative-free Hylunia products**, is as follows:

- **DAY ONE: The Real Deal Peel** – a powerful, professional-strength peel, paired with anti-inflammatory, non-reactive technologies and time-tested integrative Ayurvedic wisdom to erase years of free radical damage
- **DAY TWO: Shanti (Peace) Facial** – restores, calms and balances the skin's pH mantle as healing and regeneration have already begun – a crucial preparatory step for phase three
- **DAY THREE:** A 3-in-1 finale, including an **intensive eye treatment; marma point activation;** and Two Bunch's exclusive **Deep Pore Protocol**, incorporating skin preparation, purification and bacterial protection.

As part of the Saving Face package, guests will receive:

- **The Saving Face facial series for one person***
- **A 'line of defense' welcome gift, including a powerful sunscreen and large brimmed hat**
- **Three nights in a Two Bunch Palms Fountain Suite**
- **10 percent off all skin care products during the visit**
- **A parting gift to extend the treatment experience by turning one's car into a 'spa on wheels,' including the guest's dosha-specific custom-blended oil, an aroma car diffuser with essential oils and dosha-calming CD**

Price for the Saving Face package is \$999 on weekdays and \$1,099 for stays including a Friday or Saturday night. Taxes and other fees not included. *An additional Saving Face facial series for an accompanying spouse or friend can be purchased for \$380 in the Spa.
