

FOR IMMEDIATE RELEASE

Two Bunch Palms Promises a Soothing Summer with New Seasonally-Inspired Spa Treatments & Specials

DESERT HOT SPRINGS, CA (June 4, 2008) – Looking for a refreshing way to jumpstart your summer? Sink into a relaxed state with several new spa treatments at Two Bunch Palms – a private hot springs sanctuary shaded by towering trees in Desert Hot Springs, CA. The property's award-winning Spa is treating guests to new seasonal body wraps and facials, specialty treatments utilizing a new paraben-free product line and limited-time complimentary facial upgrades.

Perfectly in sync with summer, Two Bunch offers the new Sun Lover's Body Wrap and Sun Lover's Facial, a la carte treatments that utilize two of the most powerfully soothing medicinal plants on the planet – Aloe Vera and Noni. Combined in a refreshing gel, these healing plant extracts reduce redness, cool overheated skin and decrease tenderness associated with sun and wind burns. The Body Wrap incorporates a fragrant coconut milk moisturizer, while the Facial features the Epicuren 'Liquid Gold' enzymes that help to stimulate healthy cell revitalization.

Providing a solution to dry summer (or winter) skin, Two Bunch additionally introduces the **Propolis Body Wrap** and **Propolis Facial**, two new treatments that also incorporate a naturally-occurring substance that is highly effective when applied to both the face and body – resin from bee hives. In nature, this antioxidant-rich material acts as the hive's immune system, protecting it from bacterial and viral infection. When dissolved in olive oil, the Propolis lotion penetrates deeply to stimulate the healing and repair of dry and mature skin that's been repeatedly exposed to the elements. The Wrap features a highly-mineralized coconut moisturizer, while the Facial incorporates a hydrating mineral mask, rich with zinc and magnesium.

All four treatments are 60 minutes each and cost \$135 for the Body Wrap and \$115 for the Facial.

Starting July 1, Two Bunch will also add three facials to its Spa menu that incorporate Hylunia products, a line designed for all skin types – including ultra-sensitive skin – that's paraben, preservative, alcohol and dye free. Developed to soothe, rehydrate and revitalize the skin, the high-quality line will be used in:

- **The Ayurvedic Facial** – a facial using pure essential oils and products specifically targeted to one's constitutional body type or 'dosha' \$125
- **The Real Deal Peel** – a professional-strength peel buffered with Vitamin C that has the potential to take years off the face's appearance; ideal for fine lines and mature skin \$125
- **The Ultra-Sensitive Facial** – a facial developed to address even the most reactive skin, utilizing rehydrating products that reduce inflammation \$115

Finally, as a special promotion for the entire month of June, all facials at the Two Bunch Palms Spa can be upgraded with a complimentary Hand & Foot Glycolic Peel. A \$30 value, this intensive treatment incorporating the client's choice of Epicuren after-bath lotions, exfoliates, softens and renews the hands and feet.
